STUDENT COMMUNICATION & MULTIMEDIA DESIGN

I am a third year student at the Amsterdam University of Applied Sciences, currently studying Communication and Multimedia Design. I enjoy making websites or applications. Furthermore I have a passion for gaming and this has motivated me to explore game development, which I enjoy even more! Lastly I've always liked creating and editing videos in Premiere Pro & After Effects and therefore I'm quite familiar with these tools.

STUDENT COMMUNICATION & MULTIMEDIA DESIGN

Ik ben een derdejaars student aan de Hogeschool van Amsterdam waar ik Communication and Multimedia Design studeer. Ik vind het leuk om websites of andere applicaties te coderen. Verder heb ik een passie voor gamen en dit heeft mij gemotiveerd om mij te verdiepen in game development, wat ik enorm leuk vind! Als laatste heb ik het altijd al leuk gevonden om mij bezig te houden met videobewerking in onder andere Premiere Pro en After Effects en ik ben dan ook redelijk bekend met deze tools.
